

INVESTMENT TEASER: PROJECT GASTRO-ECO ECOSYSTEM

Confidential Off-Market Opportunity: Boutique Gastro Hotel

LOCATION: Ioannina, Greece.
ASSET: Mixed-use hospitality building of approximately 350 sq.m.
STATUS: Ready-to-operate concept. Privately owned, full documentation package available for transaction.

1. UNIQUE SELLING PROPOSITION (USP)

- **Dual-Income Model:** A self-sustaining hospitality ecosystem combining 5 premium boutique suites with a high-margin ground-floor gastro-hub.
- **Year-Round Stability:** Unlike seasonal coastal resorts, this asset leverages Ioannina's status as a year-round administrative, educational, and medical center.
- **Strategic Synergy:** The in-house gastro-hub serves both hotel guests and the high-density local population (University students and tech professionals), ensuring diversified revenue streams.
- **Operational Efficiency:** Designed for modern management with minimal staff overhead, utilizing automated guest access systems.

2. PROJECT PARAMETERS

Total Building Size: ~350 sq.m.

Asset Configuration:

Component	Area / Quantity	Description
Boutique Suites	5 Units (21-33 sq.m.)	High-end luxury short-term rental units.
Indoor Restaurant	141 sq.m.	Main gastronomic floor for dining and events.
Outdoor Terrace	105 sq.m.	Premium outdoor seating area for the gastro-hub.
Production Basement	58 sq.m.	Technical storage and food preparation zone.

3. FINANCIAL SUMMARY (CAPEX)

The investment model is optimized for high yield and capital preservation in a growing secondary market.

- **Purchase Price (Asset Acquisition):** € 660,000
- **Total CAPEX (Incl. Launch & Costs):** € 786,000
- **Annual Net Operating Income (NOI):** € 86,085
- **Target ROI:** 10.95%
- **Payback Period:** ~9 Years

4. KEY INVESTOR ADVANTAGES

1. **Silicon Valley of Greece:** Ioannina is a booming international IT cluster (TeamViewer, Deloitte, PwC), driving a severe deficit in premium accommodations.
2. **University Proximity:** Located near major educational institutions, ensuring a stable, high-quality tenant base for the F&B operations.
3. **Asset Appreciation:** Expected growth potential of 15–20% over a 3-year horizon due to regional infrastructure expansion.
4. **Golden Visa Eligible:** The asset price point and structure are fully compliant with Greek Golden Visa residency regulations.
