4. FINANCIAL COMPARISON

Metric	Scenario A (Conservative)	Scenario B (High-Yield)
Total Investment	€ 900,000	€ 900,000
Annual Net Profit	€ 45,000	€ 116,700
ROI (100% Equity)	5.0%	13.0%

5. WHY INVEST NOW?

The scarcity of move-in ready historic buildings with reinforced structures makes this asset unique. The fixed annual profit of €45,000 provides a stable 5% yield with minimal risk. Combined with the "2+2 apartments of 50 sq.m." layout on the upper floors, this creates a highly liquid asset in the very heart of Ioannina.
